Transportation

In-country ground transportation is included
*flights are not included

Lodging

Stay at our Mission Hotel - we can
accommodate up to 25 guests.

All Meals

Cuisine is prepared by our kitchen staff and
it is a local menu with seasonally fresh
proteins and produce, very farm to table in
style. We like to give mission trip guests an
authentic Dominican culinary experience.

There is a lot to do in the beautiful Dominican Republic,
add-on excursions are available at an additional cost.

Trip Cost:
\$500 per person

why us, why the
Dominican Republic

FOR THE MOST VULNERABLE

- Advocates of Love is a ministry that provides much needed physical, emotional, educational and spiritual care to abused, abandoned, neglected and orphaned children in the Samaná Province.
- Advocates of Love is the only CONANI-licensed resource in Samaná for vulnerable children. Our expansive campus includes a Children's Home, a Mission Hotel, a Church onsite and a private Internship Residence.
- We offer the most affordable, high quality mission trips in the Dominican Republic.
- Our children are visibly different – happier and more relaxed – after visiting with mission travelers. Many mission trip guests choose to become child sponsors or volunteer advocates after forming a relationship with our children. These are the long-term relationships we are interested in fostering.
- We are here to curate the perfect trip for you and your group. We pride ourselves on our ability to offer a bespoke experience.
- We can plan a variety of different experiences. Construction, VBS, ministering to others in the Samaná community, medical mission trip etc.
- Mission trips through Advocates of Love qualify for community service hours. We are also equipped to offer longer-term mission internships with separate living quarters.
- On a mission trip with Advocates of Love there is plenty of leisure time and our children know how to have fun! Our team will work with you to plan excursions like a day at the beach or special meals at one of the amazing restaurants where you will immerse in authentic local flavors. Your group may also enjoy a once-in-a-lifetime memory, such as whale watching, zip-lining, horseback riding, exploring caves and so much more. Learn all about the unique offerings of an Advocates of Love mission trip, regardless of season.
- Finally, but most importantly, our goal for every child in our care is to receive Christ as their Savior and truly commit their lives to Him. Can you partner with us to show His love to these children?
